Creating a Poster or Course Pack?

Want a cleaner look?

Use an in-text credit linked to a reference in a list of references.

The credit under the image can be in smaller type. Use APA or a credit that includes the following three elements:

- Image Title
- Creation Date
- Creators Name

Place the reference list in a small box in the bottom corner of a poster. The list can be inserted at the front of the course pack on a copyright page that includes the list of references. It can also be placed at the end of the document.
